July 5, 1984

The Honorable Pierre S. du Pont
Governor
State of Delaware
Legislative Hall
Dover, DE 19901

Dear Governor du Pont:

This year, the State Library Advisory Council, saw the culmination of several years of planning and work with introduction in the General Assembly of a bill to provide funds to public libraries from the regular state budget, based on a formula designed to equitably share the funds throughout the State. With sponsorship by many representatives and senators, and your support, passage of the bill which will provide much needed help to Delaware libraries, was attained on June 29.

Consonant with our responsibilities as defined by the Library Services and Construction Act and the Delaware Code, the Council approved guidelines for the retrospective conversion of library catalog records into machine readable form for both L.S.C.A. Title I and Title III applications; revised the Delaware Public Library Standards; and approved recommendations contained in Automation and Resource Sharing for the Libraries of Delaware, a report prepared for the Council by Richard Boss Associates. The priority concerns chosen by the Council from that report were: (1) funding the statewide COM catalog; (2) funding retrospective conversion projects with L.S.C.A. money; (3) directing the Council on Library Cooperation to work toward the common denominators in automation among Delaware libraries; (4) charge the Council on Library Cooperation to investigate delivery systems; (5) charge the Council on Library Cooperation to create a proposal for a statewide union list of serials.

Three new appointees to the Council from Kent County brought a wealth of experience and knowledge with them: Lee Shipman, Joseph Gates, and Judith Mims.

Respectfully submitted,

Patricia Chalfant
Chairperson
State Library Advisory Council

PLACE IN STATE GOVERNMENT ORGANIZATION

The Delaware Division of Libraries is part of the Department of Community Affairs. The Division was established by law, 29 Delaware Code Annotated §8603, which directs the Secretary to appoint a State Librarian to head the Division.

POWERS AND DUTIES OF STATE LIBRARY AGENCY

29 Delaware Code Annotated §8610 enumerates the duties of the Department relating to library services: to provide library services to governmental units, to maintain a documents collection, to receive and administer funds, to promote cooperation among all types of libraries, to provide resources to supplement local libraries, to recommend appropriate legislation, to publicize library services, and "all other activities pertinent to the organizational function of library services".

ADVISORY GROUP

29 Delaware Code Annotated §8611 established the Council on Libraries, to advise the Department of Community Affairs on matters relating to libraries and library standards. Total membership on the Council is 13. Each of the three county governments elect two members who serve at the pleasure of the county. The Governor appoints the other seven for three year terms. There is no statutory definition as to whom shall serve but the Governor does appoint citizens to represent specific groups of users as required by the Library Services and Construction Act.

DIVISION OF LIBRARIES
ANNUAL REPORT
FY 1984

Fiscal year 1984 was a year in which the Delaware Division of Libraries consolidated gains begun in earlier years for improved library services.

The Automation and Resource Sharing for the Libraries of Delaware study prepared by Information Systems Consultants Inc. affirmed the continuing importance of the Delaware Union Catalog and the Delaware Division of Libraries' funding of retrospective conversion projects to increase the number of Delaware libraries' bibliographic records in the COM.

The Delaware General Assembly passed and Governor du Pont signed legislation establishing a formula for state aid to public libraries and funds were appropriated for this purpose. This increase in state support of public library services was a goal articulated at the 1978 Governor's Conference for Libraries and Information Services.

Because of the value of the Delaware Division of Libraries' Art Loan Program to both library patrons and Delaware artists, a volunteer committee was established to hold an annual art sale to benefit the Art Loan Program.

The Summer Funmobile visits to the Department of Public Instruction feeding sites throughout the State successfully reached 3,000 minority children who were not usually involved in public library programs such as storytelling, puppet shows, and related craft activities.

The Delaware Division of Libraries' State Fair Exhibit attracted 3,592 visitors who participated in a library treasure hunt and learned about the Division's services. Many visitors praised the exhibit's effectiveness in promoting libraries and their use.

The Delaware Library Development Plan, 1984-89 was prepared by the Delaware Division of Libraries and accepted by the State Library Advisory Council and the U.S. Department of Education, Office of Libraries and Learning Technologies. The State Library Advisory Council established the Standards Revision Committee which prepared updated Standards for Public Library Service in Delaware, 1984-89.

The Special Services Unit for the blind and physically handicapped established county consumer councils to provide user input and opened a new reception area for the use of their patrons and for the demonstration of visual aids.

The Delaware Division of Libraries offered three continuing education programs in 1984. The "New Technological Society" introduced concepts and future trends in automation and "Micro-Magic" gave librarians an opportunity to use microcomputers. In the spring, library trustees, friends and librarians gathered for the "All State Friends Workshop."

The large print union list was updated with the Division's new microcomputer. The IBM/XT was also utilized extensively in word processing and data management projects.

Public use of the Division's facility at Edgehill grew by 1360 and attendance at programs and exhibits showed a substantial increase. Books-by-Mail provided 36,000 books for patrons without public library access and PDQ continued to answer over 2,000 reference queries a month.
